The P.W. Budget for 1909-1910 has been Sub'd. to Dewan for orders, with the opinion of the Financial Dept. That opinion is that 24 lakhs may be provisionally taken as the P.W. grant for the next year. It is most unlikely that a larger grant than 24 lakhs will be made.

Whether the first charge of the expenditure on the Construction of Quarters for Hospital Assistants & Midwives can be provided out of the grant that will be given to the P.W. Dept for the next year is a point for consideration by that Dept. The Financial Dept fixes the grant for the Dept only in the aggregate and the distribution of that grant among the individual works, according to their relative urgency or importance rests with the P.W.D.

Bangalore.

Sir,

I have the honor to state that in my No.G. 13, dated 7. 7.08, I did not mention Chennapatna as one of the places where Hospital Assistants and Midwives quarters are urgently wanted. On reconsideration, however, I think it should have been included- It is next to impossible for these officials to get quarters in the town, of a sanitary type such as they should occupy. I have so often repre-sented how much more pressing it is from a public point of view that Hospital Assistants and Midwives should be sanitarily housed than officials of similar status in other Departments, that I can do no more than recall the matter here. It is not that I would not wish to see all offi-cials sanitarily housed - far from it - but Medical Offi-cials come admittedly under a different category from the point of view of the public safety.

As to Chennapatna, it is fortunate that open un-occupied land lies behind the Dispensary, where a Hospital Assistant's quarters can well be erected, while there is

room

room in the Dispensary compound itself for a Midwife's quarters.

2. A matter that was brought to my notice when I was there recently is the necessity for providing a Female Dispensary. Adjoining the existing Dispensary is an open plot where a small Female Dispensary could be erected, and quarters for the Lady Medical Officer.

It may be said that there already exists a Mis-sion Zenana Hospital there, and the ca~~A~~e with which all who go there are treated deserving the highest praise. -- Still the orthodox, whether Mussulmans or Hindus, have mis-givings about sending their people to a Mission Hospital, and there will always be a good many such who will on no account go to such a Hospital for treatment. It is for these I represent the necessity for opening a Female Dis-pensary at Chennapatna. I believe there are about 3,000 gosha women (Mahamodens) ~~in~~ amongst the population of Chennapatna.

I have the honor to be,

Sir,

Your most obedient servant,

Order thereon No.		19th March 09 / 2965-66 / 27-08-27.	Do	Do.

Dated Bangalore 24 September 1909.

The hardship and inconvenience experienced by Hospital Assistants and midwives attached to Local Fund Dispensaries in certain places for want of suitable house accomodation having been represented to Government the Senior Surgeon was called upon to furnish a list of places where quarters for medical subordinates referred to are to be required urgently

2. In view of the limited resources of the several Local Boards that have to contribute their quota towards the cost of construction of such quarters, Government are pleased to sanction as a first instalment of the measure the construction of buildings as shown in the statement appended, the contribution payable by the District and Municipal Boards concerned being met from the provisions made in the respective budgets for the current official year. The finances of the Tyamagondalu Municipal Council being straitened and it being unable to meet its quota of the cost of constructing quarters for the hospital assistants at the place, it is ordered that the cost be divi-

divided equally between the Provincial and the Bangalore District Funds. The Chief Engineer is requested to have the said works taken on hand and completed as early as practicable.

3. The Presidents of the Districts and Municipal Boards concerned are requested to place at the disposal of the Public Works Department the quota of contribution shown in this G.O. or the statement towards the cost of the works in question

4. The plan of the quarters for Hospital Assistants will be that ordered in G.O. No. 2824-5-234-09-3 dated the 21st September to be adopted as the type plan of the building.

5. The question of providing house accommodation for the medical subordinates in the marginally noted places will have to lie over for the present as the District Tirthahalli, Sringeri and Municipal Boards concerned are unable to provide funds to meet their quota of contribution for the same.

6. Separate orders will issue in the matter of construction of quarters for the medical subordinates viz., the Hospital Assistant and the Midwife at Koppa on receipt of reply from the President of the District Board of Kadur to this office docket No. 1278/Med.228-09-1 dated 9th June 09.

7. The Senior Surgeon is requested to place himself in communication with the Chief Engineer and the Presidents of the District and Municipal Boards and submit to Government in January or February each year proposals for providing quarters for medical subordinates in other places in the Province where such quarters are required.
